

What's New?

Progress Report Week 48

As the refurbishment of the raised track progresses, more sleepers are put in to soak

New portable signs have been produced to warn drivers of commencement of track work and termination of track works.

The linisher has had new electrics fitted making it safe to use.

A new pillar drill has now been purchased

David and Arthur continue collecting leaves

The new leaf collector gives a little mechanical assistance.

A little winter steaming on the renovated section of the raised track.
